

**KENTUCKY LOTTERY CORPORATION  
iLOTTERY INSTANT PLAY GAME RULES  
“ANCIENT GOLD”**

**– \$0.10, \$0.20, \$0.50, \$1.00, \$2.00, \$3.00, \$5.00, \$10.00, \$20.00**

**REVEAL I.D. NO. 4902**

**VERSION 1 - EFFECTIVE DATE: MARCH 29, 2024**

**By purchasing any iLottery Instant Play Ticket and accessing any Instant Play Game, a player accepts and agrees to comply with these Game Rules and Regulations, the General Rules governing iLottery Instant Play games (hereinafter “Instant Play General Rules”), the iLottery Terms of Use, and all rules, terms and conditions, privacy policies, disclaimers and agreements on the Lottery Website at <http://www.kylottery.com> (collectively “the Rules”).**

**If you do not agree, do not access or purchase any Game.**

**1. INSTANT PLAY TICKET PRICE**

An Instant Play Ticket for this Instant Play Game may be purchased **\$0.10, \$0.20, \$0.50, \$1.00, \$2.00, \$3.00, \$5.00, \$10.00, \$20.00** unless authorized by the President at a discount for promotional purposes.

**2. HOW TO PLAY**

The object of Ancient Gold is to match three (3) or more symbols to win the corresponding prize value.

To begin play, the player must select their price point before purchasing the game, and then the player must complete the purchase process set out in the iLottery Terms of Use. The outcome of the player’s ticket is determined at the time of the ticket purchase.

At the start of the game, Ancient Gold displays Game symbols and Mystery symbols in a 3x3 grid. Some game symbols may be covered by a Mystery Symbol. Mystery Symbols could contain up to sixteen (16) additional symbols. Press the Mystery Symbol indicated by a (?) to reveal additional symbols or press REVEAL ALL to reveal the additional symbols automatically. Each symbol corresponds to a prize in the symbol bank. Click the “i” icon to display the symbol bank.

Reveal three (3) or more identical Game symbols anywhere on the grid to win the corresponding prize shown at the time the matching symbols are highlighted.

Reveal three (3) Eclipse Bonus Symbols anywhere on the grid to trigger the Eclipse Bonus.

The process continues until no more matching symbols or Eclipse Bonus Symbols are highlighted.

Eclipse Bonus

At the beginning of the Eclipse Bonus, the bonus starts with five (5) free turns on a 3x3 grid like the base game. It also displays a Multiplier Meter, a Turn Win meter that will indicate any wins for that turn, and a Total Win meter that will keep a total calculation of prizes won in the Eclipse Bonus.

After each turn, the grid will clear, and a new set of symbols will fall into the blank grid. At the beginning of each turn, the multiplier meter will start at 1x and increase by one (1) for each Ancient Sun Multiplier Symbol that is revealed. At the end of a turn, the turn win amount will be multiplied by the total value of the Ancient Sun Multipliers that were awarded, and the turn win amount will be added to the total bonus win. The Multiplier Meter will reset to 1x at the start of each turn.

Press the Mystery Symbol indicated by a (?) to reveal additional symbols or press REVEAL ALL to reveal the additional symbols automatically. Mystery Symbols could contain up to sixteen (16) additional symbols.

The bonus round ends when all turns are completed. At the end of the game, the Total Win meter amount will be added to the base game’s win amount to display a player’s final win amount.

The game ends when all symbols have been revealed and any triggered bonus games have completed.

Press the win message to view the game’s outcome.

### 3. PRIZE STRUCTURES AND ODDS

**Duplicate prize amounts indicate multiple ways to win the same prize amount; different odds may apply to each way to win.**

**PRICE: \$0.10**
