New Games Launching Every Month from March through May 2024

Starting in March 2024, we will be launching new Fast Play games every month through May 2024.

On Monday, March 4th, we're bringing back two seasonal games that launched in February 2023: \$2 Lucky Clover and \$5 Batter Up Bonus.

Wednesday, March 20th we're celebrating W!NsdAY with the W!n Family (\$2 Big W!n, \$5 Double W!n, \$10 Triple W!n and \$20 Max W!n). This new family will feature multiple ways to play and win on the higher price point tickets. This family will replace the holiday seasonal Silver & Gold family.

April 15th, we're launching our first ever fixed top prize Fast Play game, \$5 Full of 250's that is loaded with \$250 prizes. This game will not be included in our Fast Play progressive jackpot.

Scheduled in the month of May, we have games launching almost every Monday.

May 6th, we're launching \$20 Bluegrass Jackpot. This game was launched as a family back in October 2020 but didn't have a \$20 price point.

May 13th, we're bringing back \$5 Card Cash and May 20th \$3 BBQ Bingo.

Like our other Fast Play games, these games offer players the chance to win instantly, with each ticket eligible to win a percentage of the rolling jackpot based on the price point purchased. The only game that won't participate in the progressive jackpot is the \$5 Full of \$250's.

Viewing Fast Play Games & Wager Types Without Credits into Vending Machines

On Monday, March 4th, players will have the ability to interact with self-servicing vending machines without having credits inserted. This new feature has an idle time of 30 seconds and allows our players to see what game offerings are available prior to inserting cash or debit/credit cards for credits. This will bring additional awareness to our Fast Play games and the different type of wagers that are available on our draw game products.
