TRAINER TIPS

PRO S2 TERMINAL FEATURE HIGHLIGHT

The Pro S2 terminal has a feature that helps you identify issues. In the top right-hand corner, there is a set of 3 boxes, each with a Green border around them. When there is an issue, the green border can turn orange or red depending on the issue. Tap on the box and a drop-down list will show where the issue is and tap again to get details. The device status can indicate there is an issue with communication, a vending issue, paper low, barcode reader offline, etc. This feature will assist you in troubleshooting any terminal issues prior to placing a service call to Brightstar.

NEW HOW TO PLAY BROCHURES

New How to Play brochures can be found in your play centers. Be sure to provide these to new players who are just learning about our games or maybe a regular player who wants to try something new.

CORPORATE CLAIMS HOURS ADJUSTED DURING I-65 SHUTDOWN THIS SUMMER

Due to parts of I-65 in Jefferson County being closed from June 1 to July 31, the Kentucky Lottery Claims Department will have abbreviated hours from 10 a.m. until 3 p.m. ET each workday during this timeframe.

All prizes up to \$100,000 may be claimed at Kentucky Lottery Headquarters by mail.
