PB RULES 28 – 29 RESERVED.

PB RULE 30 PRIZE PAYMENTS.

Portions of Rule 30.1 were previously amended: September 9, 1998, December 21, 1998, March 15, 1999, February 3, 2002; July 5, 2002; May 4, 2005; October 11, 2006; August 20, 2008; December 8-9, 2009; November 15, 2012; June 25, 2013 to be effective October 1, 2013; June 5, 2014; December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing; October 22, 2015 to be effective with the February 3, 2016 drawing; June 15, 2016 to be effective with the drawing on October 19, 2016.

(a) Powerball Grand Prizes shall be paid, at the election of the player made no later than sixty (60) days after the player becomes entitled to the prize, with either a per-winner annuity or single lump sum payment (which may be referred to as the “cash option”). If the payment election is not made at the time of purchase and is not made by the player within sixty (60) days after the player becomes entitled to the prize, then the prize shall be paid as an annuity prize. An election for an annuity payment made by a player before ticket purchase or by system default or design may be changed to a cash option payment at the election of the player until the expiration of sixty (60) days after the player becomes entitled to the prize. The election to take the cash option payment may be made at the time of the prize claim or within sixty (60) days after the player becomes entitled to the prize. An election made after the winner becomes entitled to the prize is final and cannot be revoked, withdrawn, or otherwise changed.

(b) The Powerball Grand Prize available in the GPP shall be determined by dividing the funds available in the GPP on a pari-mutuel basis among all winning PB Plays of the Powerball Grand Prize as described in these Rules.

Winner(s) who elect a cash option payment shall be paid their share(s) in a single lump sum payment.

The annuitized option prize shall be determined by multiplying a winner’s share of the Powerball Grand Prize pool by a process as approved by the MUSL Board.

Neither MUSL nor the Selling Lotteries shall be responsible or liable for changes in the advertised or estimated annuity prize amount and the actual amount purchased after the prize payment method is actually known to MUSL.

Amended September 12, 2017, January 4, 2018, and April 5, 2018 to be effective with the drawing on September 15, 2018.

(c) In certain instances announced by the Product Group, the Powerball Grand Prize shall be a guaranteed amount and shall be determined pursuant to Rule 30.5.

(d) If individual shares of the GPP funds held to fund an annuity is less than \$250,000.00, the Product Group, in its sole discretion, may elect to pay the winners their share of the funds held in the GPP.

(e) All annuitized prizes shall be paid annually in thirty (30) payments with the initial payment being made in a single payment, to be followed by twenty-nine (29) payments funded by the annuity. Except as may be controlled by a Selling Lottery's governing statute, all annuitized prizes shall be paid annually in thirty (30) graduated payments (increasing each year) by a rate as determined by the Product Group. Prize payments may be rounded down to the nearest one thousand dollars (\$1,000.00). Annual payments after the initial payment shall be made by the lottery on the anniversary date or if such date falls on a non-business day, then the first business day following the anniversary date of the selection of the Grand Prize Winning Numbers.

Comment: On July 8, 2005, the Product Group set the graduated rate at four percent (4%) per year. On May 22, 2015 (to be effective with the October 7, 2015 drawing), the Product Group set the graduated rate at five percent (5%) per year.

(f) Funds for the initial payment of an annuitized prize or the lump sum cash option prize payment shall be made available by MUSL for payment by the Selling Lottery no earlier than the fifteenth calendar day (or the next banking day if the fifteenth day is a holiday) following the Drawing. If necessary, when the due date for the payment of a prize occurs before the receipt of funds in the prize pool trust sufficient to pay the prize, the transfer of funds for the payment of the full lump sum cash option amount may be delayed pending receipt of funds from the Selling Lotteries. A paying lottery may elect to make the initial payment from its own funds after validation, with notice to MUSL.

Comment: On September 9, 1998, the Product Group mandated a delay in payment to a Selling Lottery until the validation of the claim. On August 20, 2008, the Product Group authorized the use of a Party Lottery's share of MUSL non-game earnings to fund annuity payments, as may be needed, in a manner other than provided for in this rule, due to mandates of local statute.

(g) If a Party Lottery purchases or holds the prize payment annuity for a prize won in that jurisdiction, that Party Lottery's game rules, and any prize payment agreement with the prize winner, shall indicate that the prize winner has no recourse on the MUSL or any other Selling Lottery for payment of that prize.

(h) In the event of the death of a lottery winner during the annuity payment period, unless prohibited by jurisdictional law, the MUSL Finance & Audit Committee, in its sole discretion excepting a discretionary review by the Product Group, upon the petition of the estate of the lottery winner (the "Estate") to the lottery of the jurisdiction in which the deceased lottery winner purchased the winning PB Play, and subject to federal, state, district, or territorial applicable laws, may accelerate the payment of all of the remaining lottery proceeds to the Estate. If such a determination is made, then securities and/or cash held to fund the deceased lottery winner's annuitized prize may be distributed to the Estate. The identification of the securities to fund the annuitized prize shall be at the sole discretion of the Finance & Audit Committee or the Product Group.

Amended September 12, 2017, January 4, 2018, and April 5, 2018 to be effective with the drawing on September 15, 2018.

Comment. Changes made to this Rule on December 21, 1998, are intended to provide players with the advantages offered by the changes made to 26 U.S.C. §451. These rules should be interpreted in a manner that is consistent with the purposes, requirements, and restrictions of that code section. Due to its jurisdictional law, on November 15, 2012, the Powerball Group concluded that the provisions relating to acceleration of annuity payments to an estate shall not be applicable to the California Lottery.

30.2 First Prize for Double Play.

(a) The Double Play First Prize is a fixed, non-annuitized value of \$10 million for each Double Play Drawing.

(b) If, in any Double Play drawing there are no DP Plays that qualify for the first Prize category, the portion of the prize fund allocated to such First Prize category shall remain in the First Prize pool for the next Double Play drawing.

(c) Funds for the payment of a First Prize shall be made available by MUSL for payment by the Selling Lottery on a schedule approved by the Product Group. If necessary, when the due date for the payment of a First Prize occurs before the receipt of funds in the FPP trust sufficient to pay the prize, the transfer of funds for the payment of the First Prize may be delayed pending receipt of funds from the Selling Lotteries participating in the Double Play Promotion. A Selling Lottery may elect to make the First Prize payment from its own funds after validation, with notice to MUSL.

Adopted December 5, 2019 to be effective with the drawing on April 22, 2020.

30.3 Set Prize. A Selling Lottery may begin paying low-tier prizes after receiving authorization to pay from the MUSL central office. If a Selling Lottery, due to jurisdictional law requirements, separately determines its low-tier prize amounts, it shall be solely responsible for its low-tier prize liability, and may begin paying low-tier prizes after a Drawing when it determines appropriate to do so.

Amended December 8-9, 2009; November 15, 2012; June 5, 2014; December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing; September 12, 2017, January 4, 2018, and April 5, 2018 to be effective with the drawing on September 15, 2018.

Comment: Due to jurisdictional law requirements, on November 15, 2012, the Powerball Group concluded that the California Lottery shall separately determine the low-tier prize values for that jurisdiction.

30.4 Process for Prize Payments. All prizes (whether described as "cash" payment prizes or otherwise) shall be paid through the Selling Lottery that sold the winning Play(s) and at the discretion of the Selling Lottery that sold the winning Play(s) may be paid by cash, check, warrant or electronic transfer.

30.5 Powerball Grand Prizes Rounded. Annuitized payments of the Powerball Grand Prize or a share of the Powerball Grand Prize may be rounded to facilitate the purchase of an appropriate funding mechanism. Breakage on an annuitized Powerball Grand Prize win shall be added to the first payment to the winner or winners. Prizes other than the Powerball Grand Prize, which, under these rules, may become single-payment, pari-mutuel prizes, may be rounded down so that prizes can be paid in multiples of whole dollars. Except with regards to low-tier prizes paid by a Selling Lottery which separately determines its low-tier prize amounts pursuant to Rule 30.2, breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next Drawing.

Amended November 15, 2012; June 5, 2014; December 10, 2014.

Comment: Due to jurisdictional law requirements, on November 15, 2012, the Powerball Group concluded that the California Lottery shall separately determine the low-tier prize values for that jurisdiction.

30.6 Powerball Prize Rollover. If the Powerball Grand Prize is not won in a Drawing, the prize money allocated for the Grand Prize shall roll over and be added to the GPP for the following Drawing.

Amended July 5, 2002; June 24, 2011 and effective for draws beginning January 18, 2012; December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing; October 22, 2015 to be effective with the February 3, 2016 drawing.

30.7 Funding of Guaranteed Powerball Prizes.

Amended June 15, 2016 to be effective with the drawing on October 19, 2016.

30.7(b) If a minimum Grand Prize amount or a minimum increase in the Grand Prize amount between Drawings is offered by the Product Group, then the Grand Prize shares shall be determined as follows:

30.7(b)(1) If there are multiple Grand Prize winners during a single Drawing, each selecting the annuitized option prize, then a winner's share of the guaranteed annuitized Grand Prize shall be determined by dividing the guaranteed annuitized Grand Prize by the number of Grand Prize winning PB Plays;

Amended September 12, 2017, January 4, 2018 and April 5, 2018 to be effective with the drawing on September 15, 2018

30.7(b)(2) If there are multiple Grand Prize winners during a single Drawing and at least one (1) of the Grand Prize winners has elected the annuitized option prize, then the MUSL Annuity Factor shall be utilized to determine the cash pool. Comments:

The SAP has a cap of \$20 million dollars.

The Product Group has determined that the minimum Grand Prize shall be \$40 million annuity and the minimum increases in the Grand Prize shall be \$10 million annuity between draws. Due to the ongoing COVID-19 pandemic and the numerous stay at home orders and business operation restrictions affecting normal player consumer opportunities, fixing \$40 million (annuity) minimum starting Grand Prize amounts and maintaining \$10 million (annuity) increases between drawings is unsustainable. On March 25, 2020, the Product Group determined that effective following the next Grand Prize win, the minimum Grand Prize shall be twenty million dollars (\$20,000,000) annuity and the minimum increases in the Grand Prize shall be two million dollars (\$2,000,000) annuity between draws. On April 1, 2020, the Product Group determined that, effective after the Drawing on April 8, 2020, any minimum starting Grand Prize and any minimum increases in the Grand Prize between drawings shall be as determined and announced by the Group Chair and Vice-Chair.

Comment last amended April 1, 2020 to be effective after the Drawing on April 8, 2020.

(b) The holder of a winning DP Play may win only one (1) prize per Play in connection with the winning numbers drawn for the Double Play game, and shall be entitled only to the prize won by those numbers in the highest matching prize category.

(c) A player may win both a PB prize and also a DP prize if the player purchased the DP add-on option to the Powerball Play, and if the PB Play and the DP Play match the winning numbers drawn for both the Powerball game and the Double Play game.

(d) All liabilities for a Powerball prize, a Power Play prize, and a Double Play prize are discharged upon payment of a prize claim.

Amended November 15, 2012; December 10, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing; June 15, 2016 to be effective with the drawing on October 19, 2016; September 12, 2017, January 4, 2018, and April 5, 2018 to be effective with the drawing on September 15, 2018; December 5 to be effective with the drawing on April 22, 2020.

31.2 Under no circumstances will a claim be paid for any prize without an official ticket (or validly registered ticketless transaction) matching all game Play, serial number and other validation data residing in the Selling Lottery’s computer gaming system and such ticket (or validly registered ticketless transaction) shall be the only valid proof of the wager placed and the only valid receipt for claiming or redeeming such prize.

Amended September 12, 2017, January 4, 2018, and April 5, 2018 to be effective with the drawing on September 15, 2018.

31.3 In addition to the above, in order to be deemed a valid, winning Play, unless the Play is a validly registered ticketless transaction, all of the following conditions must be met:

- (a) The validation data must be present in its entirety and must correspond, using the computer validation file, to the number selections printed on the ticket for the Drawing date(s) printed on the ticket;
- (b) The ticket must be intact;
- (c) The ticket must not be mutilated, altered, reconstituted, or tampered with in any manner;
- (d) The ticket must not be counterfeit or an exact duplicate of another winning ticket;
- (e) The ticket must have been issued by an authorized sales agent, selling agent or retailer on official paper stock of the Selling Lottery or otherwise printed in compliance with MUSL Rule 2;
- (f) The ticket must not have been stolen, to the knowledge of the Selling Lottery;
- (g) The Play data must have been recorded on the Selling Lottery’s computer gaming system prior to the Drawing and the Play data must match this computer record in every respect. In the event of a conflict between information as printed on the ticket and as accepted by the Selling Lottery’s computer gaming system, the wager accepted by the Selling Lottery’s computer gaming system shall be the valid wager;
- (h) The player or computer pick number selections, validation data and the Drawing date(s) of an apparent winning Play must appear on the official file of winning Plays, and a Play with that exact data must not have been previously paid;

- (i) The play must not be mis-registered, and the Play’s ticket must not be defectively printed or printed or produced in error to an extent that it cannot be processed by the Selling Lottery that issued the Play;
 - (j) In submitting a Play for validation, the claimant agrees to abide by applicable laws, all rules and regulations, instructions, conditions and final decisions of the Director of the Selling Lottery that issued the Play;
 - (k) There must not be any other breach of these Powerball Game Rules in relation to the Play that, in the opinion of the Director of the Selling Lottery that issued the Play, justifies invalidation.
 - (l) The Play must be submitted to the Selling Lottery that issued it.
 - (m) Ticketless transaction Plays must meet the validation requirements of the Selling Lottery that issued the Play.
- Amended September 12, 2017, January 4, 2018, and April 5, 2018 to be effective with the drawing on September 15, 2018.*

31.4 A Play submitted for validation that fails any of the validation conditions shall be considered void, subject to the following determinations:

- (a) In all cases of doubt, the determination of the Selling Lottery shall be final and binding; however, the Selling Lottery may, at their option, replace an invalid Play with a Play of equivalent sales price;
- (b) In the event a defective ticket is purchased or in the event the Selling Lottery determines to adjust an error, the Claimant’s sole and exclusive remedy shall be the replacement of such defective or erroneous ticket(s) with a Play of equivalent sales price;
- (c) In the event a Play is not paid by a Selling Lottery and a dispute occurs as to whether the Play is a winning Play, the Selling Lottery may, at its option, replace the Play as provided in paragraph (i) of this subsection. This shall be the sole and exclusive remedy of the Claimant unless the laws or regulations governing the Selling Lottery provide for further administrative review.

Amended November 15, 2012; June 5, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing; September 12, 2017, January 4, 2018, and April 5, 2018 to be effective with the drawing on September 15, 2018.

32.5 The MUSL and the Participating Lotteries shall not be responsible to a prize claimant for Plays redeemed in error by a selling agent, sales agent or retailer.

The prize pool for all Powerball prize categories shall consist of fifty percent (50%) of each Drawing period's Powerball sales, inclusive of any specific statutorily mandated tax of a Selling Lottery to be included in the price of a PB Play, and including contributions to the prize pool accounts and prize reserve accounts; prize pool contribution requirements shall be based on the sales price for Plays as established by the Group, not on the amount collected by the Selling Lottery after deducting for statutorily mandated taxes.

Amended August 20, 2008; December 8-9, 2009; November 15, 2012; June 25, 2013; December 10, 2014; December 30, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing; September 23, 2015 to be effective with the February 3, 2016 drawing; September 12, 2017, January 4, 2018, and April 5, 2018 to be effective with the drawing on September 15, 2018; September 24, 2018 to be effective with the drawing on March 30, 2019.

36.2(a) Powerball Prize Pool Accounts and Prize Reserve Accounts. The Product Group shall set the contribution rates to the prize pool and to one or more prize reserve or pool accounts established by this rule.

(i) The following prize reserve accounts for the Powerball game are hereby established:

(a) the Prize Reserve Account (PRA), which is used to guarantee the payment of valid, but unanticipated, Grand Prize claims that may result from a system error or other reason; and

(b) the Set Prize Reserve Account (SPRA), which is used to fund deficiencies in low-tier Powerball prize payments (subject to the limitations of these rules).

(ii) The following prize pool accounts for the Powerball game are hereby established:

(a) the GPP, which is used to fund the current Grand Prize;

(b) the Set Prize Pool (SPP), which is used to fund the Set Prizes. The SPP shall hold the temporary balances that may result from having fewer than expected winners in the Set Prize (aka low-tier prize) categories. The source of the SPP is the Party Lottery's weekly prize contributions less actual Set Prize liability;

(c) the Set-Aside Pool (SAP), which is used to fund the payment of the awarded minimum starting annuity Grand Prizes and minimum annuity Grand Prize increase, if necessary (subject to the limitations in these rules), as may be set by the Product Group; and

(d) the Grand Prize Carry Forward Pool (GPCFP), which is used to fund the starting minimum annuity Grand Prize, as may be set by the Product Group, if such funds are available, and if sales do not fund the Grand Prize.

(iii) The above prize reserve accounts, the GPCFP and the SAP shall have maximum balance amounts or balance limiter triggers that are set by the Product Group and are detailed in the *Comments* to this Rule.

The maximum balance amounts and balance limit triggers are subject to review by the MUSL Board Finance and Audit Committee. The Finance and Audit Committee shall have two weeks to state objections, if any, to the approved maximum balance amounts or balance limiter triggers. Approved maximum balance amounts or balance limiter triggers shall become effective no sooner than two weeks after notice is given to the Finance and Audit Committee and no objection is stated or sooner if the Committee affirmatively approves the maximum balance amounts or balance limiter triggers. The Group may appeal the Committee's objections to the full Board. Group approved changes in the maximum balance amounts or balance limiter triggers set by the Product Group shall be effective only after the next Grand Prize win.

(iv) The maximum contribution rate to the GPP shall be 68.0131% of the prize pool (34.0066% of sales).

An amount up to five percent (5%) of a Party Lottery's sales shall be deducted from a Party Lottery's GPP contribution and placed in trust in one or more prize pool accounts and prize reserve accounts held by the Product Group (hereinafter the "prize pool and reserve deduction") at any time that the prize pool accounts and Party Lottery's share of the prize reserve accounts(s) is below the amounts designated by the Product Group.

An additional amount up to twenty percent (20%) of a Party Lottery's sales shall be deducted from a Party Lottery's GPP contribution and placed in trust in the GPCFP to be held by the Product Group at a time as determined by the Product Group.

Amended June 15, 2016 to be effective with the drawing on October 19, 2016.

(v) The Product Group may determine to expend all or a portion of the funds in the Powerball prize pool accounts (except the GPP account and the GPCFP) and the prize reserve accounts:

- (1) for the purpose of indemnifying the Party Lotteries and Licensee Lotteries in the payment of prizes to be made by the Selling Lotteries; and
- (2) for the payment of prizes or special prizes in the game, limited to prize pool and prize reserve contributions from lotteries participating in the special prize promotion, subject to the approval of the Board's Finance & Audit Committee or that Committee's failure to object after given two weeks' notice of the planned action, which actions may be appealed to the full Board by the Product Group.

The GPCFP may only be expended to fund the starting minimum annuity Grand Prize.

(vi) The prize reserve shares of a Party Lottery may be adjusted with refunds to the Party Lottery from the prize reserve account(s) as may be needed to maintain the approved maximum balance and sales percentage shares of the Party Lotteries.

Amended June 15, 2016 to be effective with the drawing on October 19, 2016.

(vii) A Party Lottery may contribute to its sales percentage share of prize reserve accounts over time, but in the event of a draw down from a prize reserve account, a Party Lottery is responsible for its full sales percentage share of the prize reserve account, whether or not it has been paid in full.

Amended June 15, 2016 to be effective with the drawing on October 19, 2016.

(viii) Any amount remaining in the Powerball prize pool accounts or prize reserve accounts when the Product Group declares the end of the game shall be returned to the lotteries participating in the accounts after the end of all claim periods of all Selling Lotteries, carried forward to a replacement game, or otherwise expended in a manner at the election of the individual Members of the Product Group in accordance with jurisdiction statute.

Amended December 12, 2001; August 1, 2003; August 20, 2008; December 8-9, 2009; November 15, 2012; May 13, 2013 to be effective October 1, 2013; June 25, 2013; June 5, 2014; December 10, 2014; December 30, 2014; May 22, 2015 to be effective with the October 7, 2015 drawing; September 23, 2015 and October 22, 2015 to be effective with the February 3, 2016 drawing.

Comment. The SPRA and the SPP, to the extent they exist, may be used to fund a deficiency in Power Play multiplier prizes; but monies from the GPP may not be used to fund or increase a Power Play prize. As permitted by Rule 30.5 and as required by Rule 28.2(a)(iii), on October 25, 2011, the Powerball Product Group set the maximum SAP balance amount at \$20 million and the maximum SPRA balance amount at \$40 million. As required by Rule 28.2(a)(iii), on November 15, 2012, the Product Group set the maximum PRA balance amount at \$80 million.

On May 13, 2013, the Group determined that, effective October 1, 2013, the prize pool and reserve deduction is set to begin at two percent (2%) when the annuity Grand Prize, as determined after sales are known, exceeds one hundred twenty million (\$120,000,000.00), and four percent (4%) when the annuity Grand Prize, as determined after sales are known exceeds two hundred fifty million dollars (\$250,000,000.00). Any amount of the prize pool and reserve deduction shall first be used to fund the SAP until it reaches its maximum established balance amount, and then shall be used to fund the prize reserve accounts until they reach their individual maximum established balance amounts. Any amount of the prize pool and reserve deduction not used to fund the SAP or prize reserve accounts shall become part of the GPP.

As required by Rule 28.2(a)(iii), on September 23, 2015, as modified by Group action on January 27, 2016, and on June 15, 2016, the Group established a balance limit trigger for the GPCFP as follows: Effective with the Drawing on July 2 2016, at any time that the GPCFP is below forty-five million dollars (\$45,000,000) prior to a Drawing, the GPCFP deduction from a Party Lottery's GPP contribution for that drawing shall be equal to a maximum of four percent (4%) of a Party Lottery's sales when the annuity Grand Prize, as determined after sales are known, exceeds one hundred twenty million dollars (\$120,000,000.00); the GPCFP percentage shall be reduced by the percentage of sales being actually contributed to the SAP, SPRA or the PRA. At any time that the GPCFP exceeds forty-five million dollars (\$45,000,000) prior to a Drawing, there shall be no GPCFP deduction for that Drawing. On June 15, 2016 the Group agreed to continue contributions to the GPCFP after August 2, 2017.

Approval of the Group is required to change the prize pool and prize reserve deduction percentages, maximum balances and balance limit trigger levels.

Comment last modified June 15, 2016 to be effective with the drawing on July 2, 2016; September 12, 2017, January 4, 2018, and April 5, 2018 to be effective with the drawing on September 15, 2018.

36.2(b) Licensee Lotteries. Licensee Lotteries shall adhere to PB Rule 28.2(a) unless a different process is approved by the Product Group.

Adopted December 8-9, 2009.

Comment. At its meeting on December 8-9, 2009, and under the terms of the Cross-Selling Agreement, the Product Group agreed to exclude the Licensed Lotteries from contributing to the prize pool accounts (other than the GPP) and prize reserve accounts with the agreement of the Licensed Lotteries to be responsible for the payment of their shares of all prizes won.

Comment last modified October 22, 2015 to be effective with the February 3, 2016 drawing.

In Drawings where the ten (10X) multiplier is not available, an additional four and sixty-six thousandths percent (4.066%) of each Drawing period's sales, including any specific statutorily mandated tax of a Selling Lottery to be included in the price of a lottery ticket, may be collected and placed in trust in the PPP, for the purpose of paying Power Play prizes.

Amended December 8-9, 2009; May 22, 2015 to be effective with the October 7, 2015 drawing.

G(2)(a) Pari-Mutuel Prizes—All Prize Amounts. Except as provided for in in (G)(2)(c), for Party Lotteries:

G(2)(a)(1) If the total of the original Powerball set prizes and the Power Play prizes awarded in a Drawing exceeds the percentage of the prize pools allocated to the set prizes, then the amount needed to fund the set prizes (including the Power Play prize amounts) awarded shall be drawn from the following sources, in the following order:

- (i) the amount available in the SPP and the PPP, if any;
- (ii) an amount from the Powerball SPRA, if available in the account, not to exceed forty million dollars (\$40,000,000.00) per Drawing; and

Comment. By action on January 7, 2009, the Product Group agreed to combine the Powerball and Power Play prize pools in the rare instance when the set prizes, pursuant to the rules, are paid on a pari-mutuel basis, so that the Power Play prize amounts, as provided for in the rules, will remain in effect for all prize levels. Comment amended May 22, 2015 to be effective with the October 7, 2015 drawing; October 22, 2015 to be effective with the February 3, 2016 drawing.

(G)(2)(c) By agreement with the Licensee Lotteries, the Licensee Lotteries shall independently calculate their set pari-mutuel prize amounts, including the Power Play prize amounts. The Party Lotteries and the Licensee Lotteries shall then agree to set the pari-mutuel prize amounts for all lotteries selling the Powerball game at the lesser of the independently-calculated prize amounts.

Amended June 25, 2013 to be effective October 1, 2013; May 22, 2015 to be effective with the October 7, 2015 drawing.

PART V – POWERBALL DOUBLE PLAY PROMOTION

PB DP RULE 1 — POWERBALL DOUBLE PLAY PROMOTION DESCRIPTION.

DP 1.1 – Powerball DP Overview. The Powerball Double Play Promotion (“DP” or “Promotion”) is an add-on to the Powerball game, and participation by a Lottery is optional. Players must purchase an official Powerball ticket to participate in DP.

DP offers players a second chance to win a new set of prizes, using the same numbers the player selected (manually or by computer pick) for their Powerball Play. The Double Play Drawing is a separate drawing which takes place after the official Powerball Drawing, conducted by and in accordance with the Product Group approved Draw Procedures.

Selling Lotteries may choose when to start, and end the Double Play Promotion.

DP is an additional add-on to the Powerball game, and does not replace or alter Power Play. Power Play is not available with the Double Play Promotion. DP Prizes will not be multiplied or increased by the Power Play Promotion.

DP is conducted in accordance with the Powerball Double Play Promotion Rules and Selling Lottery rules. All rules applicable to the Powerball Game in Parts I and II of these rules are applicable to the DP Promotion unless otherwise indicated.

Powerball prizes and Double Play prizes are determined separately; for example, a Powerball player who chooses to participate in Double Play may win both a Double Play prize and a Powerball Prize, if their Play numbers match the Powerball winning numbers and also the Double Play winning numbers.

DP 1.2 How DP Works. Double Play is a five (5) out of sixty-nine (69) plus one (1) out of twenty-six (26) lottery game, drawn on the day(s), time(s) and location(s) as determined by the Powerball Product Group, and which pays a single payment First Prize.

DP 1.3 DP Winning Numbers. Double Play winning numbers applicable to determine Double Play prizes will be determined on the day(s), time(s) and location(s) as determined by the Powerball Product Group. During the drawing event, five (5) numbers shall be drawn from the first set of sixty-nine (69) numbers, and one (1) number shall be drawn from the second set of twenty-six (26) numbers, which shall constitute the Double Play Winning Numbers.

Powerball winning numbers shall not be used to determine Double Play prizes. Double Play winning numbers shall not be used to determine Powerball prizes.

DP 1.4 DP Requirements. To play Double Play, Players must purchase an official Powerball ticket. For an additional one dollar (\$1.00) players may purchase a Double Play at the same time the Powerball ticket is purchased. Double Play Play numbers shall be the same as the numbers the player selected (manually or computer pick) for their Powerball Play. The one dollar (\$1.00) purchase price for Double Play shall include any specific statutorily-mandated tax of a Selling Lottery to be included in the price of a lottery Play.

DP 1.5 - Purchases. Plays may be purchased from a Selling Lottery approved sales outlet in a manner as approved by the Selling Lottery and in accordance with MUSL Rules.

DP 1.6 - Tickets and Ticketless Transactions. Selling Lotteries may determine whether the DP Plays are printed on the same ticket as a Powerball ticket, or on a separate ticket from the Powerball ticket.

If a Selling Lottery determines that the DP Play may be on a separate ticket than the Powerball ticket, under no circumstances will a claim be paid for a DP prize without having first purchased an official Powerball ticket for the same drawing.

If the DP is on a separate ticket, then that ticket must match all of the game play, serial number and other validation data residing in the Selling Lottery's computer gaming system (CGS) and such ticket shall be the only valid proof of the wager placed and the only valid receipt for claiming or redeeming such prize.

If the DP Play is purchased as a ticketless transaction, the Selling Lottery's electronic record of purchase shall be the only valid proof of the wager placed and the only valid receipt for claiming or redeeming such prize. See also Rules 31.3(o) and 32.4.

PB RULE DP 2 - PRIZE POOL.

DP RULE 2.1 - Double Play Prize Pool. The prize pool for all prize categories offered by the Selling Lotteries shall consist of fifty percent (50%) of each drawing period's sales, inclusive of any specific statutorily-mandated tax of a Selling Lottery to be included in the price of a lottery PB Play, and inclusive of contributions to the prize pool accounts and prize reserve accounts, but may be higher or lower based upon the number of winners at each prize level. Prize pool contribution requirements shall be based on the sales price for Plays as established by the Group, not on the amount collected by the Selling Lottery after deducting for statutorily mandated taxes

DP RULE 2.2 - Double Play Prize Pool Accounts and Prize Reserve Account. The Product Group shall set the contribution rates to the prize pool and prize reserve accounts established by this rule.

- (a) The following prize reserve accounts for the Double Play game are hereby established:
 - (i) The Double Play Prize Reserve Account (DPPRA) which is used to:
 - (1) Fund payment of First Prizes won in the Game if the FPP is not fully funded;
 - (2) Guarantee the payment of valid, but unanticipated, First Prize claims that may result from a system error or other reason; and
 - (3) to fund the lower tier / set prize deficiencies as defined and limited in DP RULE 3(c)(1)(a) below.
 - (b) The following prize pool accounts for the Double Play game are hereby established:
 - (i) The First Prize Pool (FPP), which is used to fund the First Prize. Any monies not used to pay a First Prize shall accumulate in this pool until such time as funds are needed to pay a First Prize; and
 - (ii) The Double Play Set Prize Pool (DPSPP), which is used to fund the Double Play Set or Lower Tier Prizes. The DPSPP shall hold the temporary balances that may result from having fewer than expected winners in the Double Play Set Prize categories. The Source of the DPSPP is the Selling Lottery's weekly prize contributions less actual Double Play Set Prize liability.

(c) The Product Group may establish a maximum balance amount for the DPPRA and is detailed in the Comments to this Rule. The maximum balance amount is subject to review by the MUSL Board Finance and Audit Committee. The Finance and Audit Committee shall have two weeks to state objections, if any, to the approved maximum balance amount. Approved maximum balance amount shall become effective no sooner than two weeks after notice is given to the Finance and Audit Committee and no objection is stated or sooner if the Committee affirmatively approves the maximum balance amount. The Group may appeal the Committee's objection to the full Board.

(d) The contribution rate to the FPP from DP Plays shall be five and six thousand, nine hundred and forty ten thousandths percent (5.6940%) of sales.

(e) Two and two thousand seven hundred and seventeen ten thousandths percent (2.2717%) of a Selling Lottery's sales shall be deducted from a Party Lottery's FPP contribution and placed in trust in the DPPRA at any time that the Selling Lottery's share of the prize reserve accounts(s) is below the amounts designated by the Product Group.

(f) The Product Group may determine to expend all or a portion of the funds in the DPSP and the DPPRA:

(i) for the purpose of indemnifying the Selling Lotteries in the payment of prizes to be made by the Selling Lotteries; and

(ii) for the payment of prizes or special prizes in the game, limited to prize pool and prize reserve contributions from lotteries participating in the special prize promotion, subject to the approval of the Board's Finance & Audit Committee or that Committee's failure to object after given two weeks' notice of the planned action, which actions may be appealed to the full Board by the Product Group.

(g) The DPPRA shares of a Selling Lottery may be adjusted with refunds to the Selling Lottery from the DPPRA as may be needed to maintain the approved maximum balance and sales percentage shares of the Selling Lotteries.

(h) A Selling Lottery may contribute to its sales percentage share of the DPPRA over time, but in the event of a draw down from the DPPRA, a Selling Lottery is responsible for its full sales percentage share of the DPPRA, whether or not it has been paid in full.

(i) Any amount remaining in the Double Play prize pool accounts or DPPRA when the Product Group declares the end of the game shall be returned to the lotteries participating in the prize pool and DPPRA after the end of all claim periods of all Selling Lotteries, carried forward to a replacement game, or otherwise expended in a manner at the election of the individual Members of the Product Group in accordance with jurisdiction statute.

Comment. The Double Play prize pools and DPPRA may not be used to pay Powerball prizes.

The Product Group has not set a maximum balance for the DPPRA.

Comment last Amended December 5, 2019.

DP Rule 2.3 Licensee Lotteries. Licensee Lotteries shall adhere to DP Rule 2.2 unless a different process is approved by the Product Group.

Comment. At its meeting on December 5, 2019, and under the terms of the Cross-Selling Agreement, the Product Group agreed to exclude the Licensed Lotteries from contributing to the Double Play prize pool accounts (other than the FPP) and prize reserve accounts with the agreement of the Licensed Lotteries to be responsible for the payment of their shares of all prizes won.

Comment: Due to jurisdictional law requirements, on December 5, 2019, the Powerball Group concluded that the California Lottery shall separately determine the low-tier cash prize values for that jurisdiction.

(a) The First Prize amount shall be divided equally by the number of DP Plays winning the First Prize. If no Plays match the DP winning numbers as described above, the DP First Prize will not be awarded, and remains at ten million dollars (\$10,000,000).

(b) The DPSPP (for payment of single payment prizes of five hundred thousand dollars (\$500,000.00) or less) shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the set prizes awarded in the current draw.

(c) Pari-mutuel Prize Determinations Applicable to MUSL Party Lotteries (not Licensee Lotteries Selling Powerball Double Play).

(c)(1) Except as otherwise provided for in PB Rule DP 3(c)(2):

(c)(1)(a) If the total of the Double Play Set Prizes awarded in a drawing exceeds the percentage of the prize pool allocated to the Double Play Set Prizes, then the amount needed to fund the Double Play Set Prizes awarded shall be drawn from the following sources, in the following order:

(i) the amount available in the DPSPP if any;

(ii) an amount from the DPPRA, if available; and

(iii) other amounts as agreed to by the Product Group in its sole discretion.

(c)(1)(b) If, after these sources are depleted there are not sufficient funds to pay the Double Play Set Prizes, then the highest Double Play Set Prize shall become a pari-mutuel prize. If the amount of the highest Double Play Set Prize, when paid on a pari-mutuel basis, drops to or below the next highest Double Play Set Prize and there are still not sufficient funds to pay the remaining Double Play Set Prizes awarded, then the next highest Double Play Set Prize shall become a pari-mutuel prize. This procedure shall continue down through all Double Play Set Prize levels, if necessary, until all Double Play Set Prize levels become pari-mutuel prize levels; In that circumstance, the money available from the funding sources listed in this Rule shall be divided among the winning DP Plays in proportion to their respective prize percentages.

(1)(c) By agreement with the Licensee Lotteries, the Licensee Lotteries shall independently calculate their Set Prize pari-mutuel prize amounts. The Party Lotteries and the Licensee Lotteries shall then agree to set the pari-mutuel prize amounts for all lotteries selling the game at the lesser of the independently calculated prize amounts.

Comment. The California Lottery is excluded from the Party Lotteries' and other Licensee Lotteries' pari-mutuel prize calculations.

(c)(2) Licensee Lotteries. Licensee Lotteries shall adhere to DP Rule 3(c)(1)(a) and (b) unless a different process is approved by the Product Group.

Comment. The California Lottery is excluded from the Party Lotteries' and other Licensee Lotteries' pari-mutuel prize calculations.

At its meeting on December 4, 2019, and under the terms of the Cross-Selling Agreement, the Product Group agreed to exclude the Licensed Lotteries from contributing to the prize pool accounts (other than the FPP) and prize reserve account with the agreement of the Licensed Lotteries to be responsible for the payment of their shares of all prizes won subject to the agreement noted in 3(c)(2).

(d) Subject to the laws and rules governing each Selling Lottery, the number of prize categories and the allocation of the prize fund among the prize categories may be changed at the discretion of the Product Group, for promotional purposes. Such change shall be announced by Product Group.
