REVEAL I.D. 4972
VERSION 1 - EFFECTIVE DATE: JANUARY 24, 2025

By purchasing any iLottery Instant Play Ticket and accessing any Instant Play Game, a player accepts and agrees to comply with these Game Rules and Regulations, the General Rules governing iLottery Instant Play games (hereinafter “Instant Play General Rules”), the iLottery Terms of Use, and all rules, terms and conditions, privacy policies, disclaimers and agreements on the Lottery Website at <http://www.kylottery.com> (collectively “the Rules”).

If you do not agree, do not access or purchase any Game.

1. INSTANT PLAY TICKET PRICE

An Instant Play Ticket for this Instant Play Game may be purchased **\$0.50, \$1.00, \$2.00, \$3.00, \$5.00, \$10.00, \$20.00, or \$30.00** unless authorized by the President at a discount for promotional purposes.

2. HOW TO PLAY

The object of Bucks for Ducks is to tap and collect six (6) or more Ducks to earn points for fun and to trigger the Picker Game to win a prize, an instant win, or achieve a multiplier to multiply any prizes won.

To begin play, the player must select their price point before purchasing the game, and then the player must complete the purchase process set out in the iLottery Terms of Use. The outcome of the player’s ticket is determined at the time of the ticket purchase.

At the start of the game, Bucks for Ducks displays a scoreboard, a wager selection, a Bread Box, an AUTO play button, A Duck Counter, and the BUY button. When a wager is selected and the BUY button is pressed, the game begins. Ducks and Pigeons fly across the screen and are added to the flown or collect section of the Duck Counter.

Tap a Duck to earn points. The player’s tapping of Ducks has no bearing on the outcome and is for entertainment purposes only. Each Duck Tap in the Base Game awards points and is worth one (1) pick in the Picker Game. Tapping the Fat Duck earns double the Base Game points and two (2) picks in the Picker Game. Tapping a Pigeon reduces the collected Duck amount by one (1) and deducts points from the Base Game score as explained below.

Each Duck that appears on the screen in the Base Game starts with a value of five hundred (500) points and reduces in value the longer it stays on the screen. Each Fat Duck that appears on the screen in the Base Game starts with a value of one thousand (1,000) points and reduces as time elapses. Missing a Duck Tap reduces the Base Game score by one hundred (100) points. Tapping

a pigeon deducts five hundred (500) points from the Base Game score. The points are for entertainment purposes and do not have any impact on the prizes won.

Each Duck Tap removes a Bread Slice from the Bread Box. After three (3) taps, Press the refill button to refill the bread slices.

Collect six (6) or more Ducks in the Base Game to trigger the Picker Game. Up to eighteen (18) Ducks can appear in the Picker Game based on the number of Ducks collected in the Base Game.

The Base Game ends once 17 Ducks have flown across the screen and the screen shows a no more Ducks message.

If fewer than six (6) Ducks are tapped in the Base Game, the Base Game offers another chance to play (RETRY) with no additional purchase. This continues until the player collects six (6) or more Ducks in the Base Game and triggers the Picker Game.

Press AUTO to play the Base Game automatically.

Picker Game

Once the Base Game ends, a scoreboard with the Base Game statistics will appear. If the Picker Game was triggered, select “Play” at the bottom of the board to access the Picker Game.

The Picker Game begins with a pond of Ducks. The number of Ducks in the pond reflects the number of Ducks earned in the Base Game.

Tap each Duck to reveal prize values, multipliers, or instant win values. If a player reveals three (3) matching prize values, that prize amount is awarded. If player reveals a purple prize value on a single Duck tap, that prize amount is awarded instantly. If a multiplier is revealed on a single Duck Tap, multiply any prizes already won by that value. Multiplier amounts available throughout the Picker Game are x1, x2, x3, x4, x5.

Press REVEAL ALL to play the Picker Game automatically.

The game ends when the Base Game and any triggered Picker Game has completed.

3. PRIZE STRUCTURES AND ODDS

Duplicate prize amounts indicate multiple ways to win the same prize amount; different odds may apply to each way to win.
