

KENTUCKY LOTTERY CORPORATION
iLOTTERY INSTANT PLAY GAME RULES
“JURASSIC GEMS”
– \$0.10, \$0.20, \$0.50, \$1, \$2, \$3, \$5, \$10, \$20, \$30
REVEAL I.D. NO. 4901
VERSION 1 - EFFECTIVE DATE: March 28, 2025

By purchasing any iLottery Instant Play Ticket and accessing any Instant Play Game, a player accepts and agrees to comply with these Game Rules and Regulations, the General Rules governing iLottery Instant Play games (hereinafter “Instant Play General Rules”), the iLottery Terms of Use, and all rules, terms and conditions, privacy policies, disclaimers and agreements on the Lottery Website at <http://www.kylottery.com> (collectively “the Rules”).

If you do not agree, do not access or purchase any Game.

1. INSTANT PLAY TICKET PRICE

An Instant Play Ticket for this Instant Play Game may be purchased for **\$0.10, \$0.20, \$0.50, \$1, \$2, \$3, \$5, \$10, \$20, \$30** unless authorized by the President at a discount for promotional purposes.

2. HOW TO PLAY

The object of Jurassic Gems is to match three (3) or more symbols, anywhere on the grid, to win the corresponding prize value or to reveal three (3) Golden Skull Symbols to activate the Cavern Bonus Game and earn greater prizes.

To begin play, the player must select their price point before purchasing the game, and then the player must complete the purchase process set out in the iLottery Terms of Use. The outcome of the player’s ticket is determined at the time of the ticket purchase.

At the start of the game, Jurassic Gems displays a set of instructions covering the grid that state “Match 3 or more symbols to win”. When the wager is selected and the BUY button is pressed, Game Symbols and Mystery Symbols fall into place on the 3x3 grid.

Once all symbols have fallen into place on the grid, press the Mystery Symbol indicated by a question mark (?) to reveal the additional symbols or press REVEAL ALL to reveal the additional symbols automatically. Each symbol corresponds to a prize in the symbol bank. Click the “i” icon to display the symbol bank. Reveal three (3) or more identical Game Symbols anywhere on the grid, or under the Mystery Symbols, to win the corresponding prize.

Mystery Symbols

Some Game Symbols will be covered by a Mystery Symbol. During the Main Game, one (1) Mystery Symbol can cover two (2), or four (4) square spots on the grid. Each square spot reveals

two (2) additional Game Symbols. Players can reveal up to two (2) Mystery Symbols on the grid at a time, for a total of up to eight (8) additional Game Symbols to be revealed.

The Main Game ends when there are no more matching Game Symbols or not enough Golden Skull Symbols to trigger the Cavern Bonus Game.

Cavern Bonus Game

The Cavern Bonus Game is triggered when three (3) Golden Skull Symbols appear anywhere on the grid or under Mystery Symbols in the Main Game.

The Cavern Bonus Game starts with five (5) free turns on a 3x3 grid and follows the same game play as the Main Game. Three (3) extra Game Symbols are added to available symbols during Cavern Bonus Game play. Mystery Symbols may appear in the Cavern Bonus Game. During the Cavern Bonus Game, one (1) Mystery Symbol covers two (2) spots on the grid, each spot revealing four (4) additional Game Symbols. Players can reveal up to two (2) Mystery Symbols on the grid at a time, containing up to sixteen (16) additional Game Symbols.

The Cavern Bonus Game also displays a Multiplier Meter, a Turn Win meter that will indicate any wins for that turn, and a Bonus Total Win meter that will keep a total calculation of prizes won in the Cavern Bonus.

After each turn, the grid will clear, and a new set of symbols will fall into the blank grid. At the beginning of each turn, the Multiplier Meter will re-set and start at 1x and increase by one (1) for each Lantern Multiplier Symbol that is revealed on the grid. At the end of a turn, the Turn Win amount will be multiplied by the total value of the Lantern Multipliers that were awarded, and the Turn Win amount will be added to the Bonus Total Win.

The Bonus round ends when all turns are completed. At the end of the game, the Total Win meter amount will be added to the Main Game's win amount to display the player's final win amount.

The game ends when all symbols have been revealed and any triggered bonus games have completed.

3. PRIZE STRUCTURES AND ODDS

Duplicate prize amounts indicate multiple ways to win the same prize amount; different odds may apply to each way to win.
