**KENTUCKY LOTTERY CORPORATION**
**iLOTTERY INSTANT PLAY GAME RULES**
**"KENTUCKY WILD STAR MEGA JACKPOT"**
**–$0.50, $1, $2, $3, $5, $10, $20, $30, $50 –**
**REVEAL I.D. NO. 6451**
**VERSION 1 - EFFECTIVE DATE: JUNE 12, 2026**

**By purchasing any iLottery Instant Play Ticket and accessing any Instant Play Game, a player accepts and agrees to comply with these Game Rules and Regulations, the General Rules governing iLottery Instant Play games (hereinafter "Instant Play General Rules"), the iLottery Terms of Use, and all rules, terms and conditions, privacy policies, disclaimers and agreements on the Lottery Website at http://www.kylottery.com (collectively "the Rules").**

**If you do not agree, do not access or purchase any Game.**

## 1. INSTANT PLAY TICKET PRICE

An Instant Play Ticket for this Instant Play Game may be purchased for **$0.50, $1.00, $2.00, $3.00, $5.00, $10.00, $20.00, $30.00, or $50.00** unless authorized by the President at a discount for promotional purposes.

## 2. HOW TO PLAY

Kentucky Wild Star Mega Jackpot is an Instant Play game that participates in a Progressive Jackpot, as set forth in the rules and regulations for each participating Progressive Jackpot Instant Play game. Not all Progressive Jackpot Instant Play games participate in the same Progressive Jackpot. Two percent (2%) of the sales from each participating Progressive Jackpot Instant Play game will be rolled into the single Progressive Jackpot with the other games participating in that Progressive Jackpot.

The object of Kentucky Wild Star Mega Jackpot is to collect clusters of four (4) or more matching, adjacent symbols to win a prize, reveal a Mystery Symbol that could transform into the Progressive Jackpot Symbol to achieve the Progressive Jackpot, or reveal three (3) or more Multiplier Wild Symbols to trigger the Free Turns Bonus.

To begin play, the player must select their price point before purchasing the game, and then the player must complete the purchase process set out in the iLottery Terms of Use. The outcome of the player's ticket is determined at the time of the ticket purchase.

At the start of the game, Kentucky Wild Star Mega Jackpot displays an 8x6 grid filled with a combination of symbols. When the wager is selected, and the PLAY button is pressed, new symbols fall into place in the grid.

When four (4) or more identical symbols create a cluster which are connected in the grid by sharing a side (a "winning cluster"), a corresponding prize in the prize table is won, the symbols are removed from the grid, and new symbols cascade down to fill their spots. As new symbols cascade

down, they can create new winning matches. All non-winning Symbols remain in place until no winning clusters are present in the grid.

Oversized Symbols

Any Symbol may drop in the grid as 2x2, 3x3, or 4x4 Oversized Symbols, creating a winning cluster to award a prize from the prize table or enhancing a winning cluster to award a greater prize.

If a 2x2 Oversized Symbol drops in, it transforms into four (4) individual symbols and awards the corresponding prize.

If a 3x3 Oversized Symbol drops in, it transforms into nine (9) individual symbols and awards the corresponding prize.

If a 4x4 Oversized Symbol drops in, it transforms into sixteen (16) individual symbols and awards the corresponding prize.

If there are any adjacent Symbols that match the Oversized Symbol when it drops in, those symbols are added to the winning cluster and the corresponding prize is awarded. Oversized Symbols may appear in the Free Turns Bonus in addition to the Main Game.

Mystery Feature

A 4x4 Mystery Symbol may appear in the grid and transform into one of the Cluster Symbols or a Jackpot Symbol.

If the Mystery Symbol transforms into one of the Cluster Symbols, it then transforms into sixteen (16) individual, matching symbols. If there are any adjacent symbols that match, those symbols are also added to the cluster and the corresponding prize is awarded.

If the Mystery Symbol transforms into the Jackpot Symbol, the Progressive Jackpot is awarded. The Progressive Jackpot amount is awarded in lieu of any other prizes.

Multiplier Wild Symbols

Multiplier Wild Symbols may drop on the grid, offering multipliers from 2X to 100X and can create or enhance winning clusters.

Multiplier Wild Symbols become part of a winning cluster if they drop in and connect to Symbols that create clusters of four (4) or more. The prize for the corresponding winning cluster is multiplied by the Multiplier Wild value. If two (2) or more Multiplier Wild Symbols are part of a winning cluster, the multiplier values are added together and then the corresponding prize is multiplied by the sum of the two multiplier values.

Multiplier Wild Symbols lock in place in the grid.

If the player reveals three (3) Multiplier Wild Star Symbols in the Main grid, the Free Turns Bonus is triggered, awarding eight (8) free turns.

Free Turns Bonus

The Free Turns Bonus is triggered when three (3) Multiplier Wild Symbols drop into the grid at the same time. The Free Turns Bonus plays the same as the Main Game and awards eight (8) free turns.

The three (3) Multiplier Wild Symbols that triggered the Free Turns Bonus game lock into position and remain in place for the duration of the Free Turns Bonus. When Multiplier Wild Symbols are part of a winning cluster, the cluster win amount is multiplied by the Multiplier Wild value, similar to the main game. Additional Multiplier Wild Symbols may drop in during the Free Turns Bonus and each additional Multiplier Wild Symbol will award two (2) additional Free Turns to the Bonus round.

Oversized Symbols are available in the Free Turns Bonus and additional Multiplier Wild Symbols may drop in the grid during the Free Turns Bonus.

The game ends when no winning clusters remain in the grid and any triggered Free Turns Bonus games are complete.

## 3. PRIZE STRUCTURES AND ODDS

**Duplicate prize amounts indicate multiple ways to win the same prize amount; different odds may apply to each way to win.**

**PRICE: $0.50**
