

**KENTUCKY LOTTERY CORPORATION**  
**iLOTTERY INSTANT PLAY GAME RULES**  
**“MERRY MONEY SIDE BET”**  
**– \$0.50, \$1.00, \$2.00, \$5.00, \$10.00, \$20.00, \$30.00**  
**REVEAL I.D. NO. 0036**  
**VERSION 1 - EFFECTIVE DATE: SEPTEMBER 26, 2025**

**By purchasing any iLottery Instant Play Ticket and accessing any Instant Play Game, a player accepts and agrees to comply with these Game Rules and Regulations, the General Rules governing iLottery Instant Play games (hereinafter “Instant Play General Rules”), the iLottery Terms of Use, and all rules, terms and conditions, privacy policies, disclaimers and agreements on the Lottery Website at <http://www.kylottery.com> (collectively “the Rules”).**

**If you do not agree, do not access or purchase any Game.**

**1. INSTANT PLAY TICKET PRICE**

An Instant Play Ticket for this Instant Play Game may be purchased for **\$0.50, \$1.00, \$2.00, \$5.00, \$10.00, \$20.00, or \$30.00**, unless authorized by the President at a discount for promotional purposes.

**2. HOW TO PLAY**

Merry Money Side Bet is an Instant Play game that participates in a Multistate Progressive jackpot. Not all Progressive Jackpot Instant Play games participate in the same Progressive Jackpot. Mega Money Jackpots are funded through the sale of linked games that are sold by the participating lotteries. Plays of those games have an equal chance by price point to win a progressive jackpot prize. 4.0% of the sales from each participating Progressive Jackpot Instant Play game will be rolled into the Progressive Jackpot with the other games participating in that Progressive Jackpot.

3.3% is contributed to the Mega Jackpot Prize and 0.3% is contributed to the Minor Jackpot Prize. An additional 0.4% of each purchase in the Merry Money Side Bet game is contributed to fund the starting Progressive jackpot values.

To begin play, the player must select their price point before purchasing the game, and then the player must complete the purchase process set out in the iLottery Terms of Use. The outcome of the player’s ticket is determined at the time of the ticket purchase.

The player can choose to play one (1) CASCADE Main Game plus up to four (4) optional PRESENT SIDE BET games. Each of these five (5) games elements will have the same individual TICKET COST. The TOTAL COST of the play is the cost of the CASCADE Main Game plus the cost of any PRESENT SIDE BET games selected. For example, setting the TICKET COST to \$1 and selecting two (2) PRESENT SIDE BET games would be a TOTAL COST of \$3 (\$1 for the CASCADE game plus 2x\$1 for the two (2) PRESENT SIDE BET games).

The total price per play is shown on the TOTAL COST panel. After selecting the number of PRESENT SIDE BET Games to purchase and the price point, press the BUY button to purchase the ticket(s) and start the game.

## **CASCADE Main Game**

At the start of the game, Merry Money Side Bet displays fifteen (15) symbols in a grid (5x3), a Prize Chart button, a Buy button, a Ticket Cost and Side Bets adjusting buttons, a Total Cost panel, and a WINS panel. By selecting BUY, the Game Symbols will fall into place on the grid. Find a winning pattern of three (3) or more identical Game Symbols connected in the grid by sharing a side (a “winning cluster”), win the corresponding prize in the Prize Chart! Prizes shown in the Prize Chart are multiples of the amount wagered. Each time a winning cluster is displayed, those symbols will be destroyed, and new symbols will fall into place from above. If the new symbols added lead to a new winning cluster, the process continues until no winning clusters are present. Only the highest prize won on each winning cluster will be paid.

### **Standard Wilds**

The WILD symbol substitutes for all symbols except the "Mega Money Jackpots" Symbol. For example, revealing a WILD symbol directly above, below, or to the left or right of a cluster of three (3) SWEATER symbols creates a four (4) SWEATER symbol win. WILD Symbols must be part of a winning cluster in order to be applied. WILD Symbols only appear in the CASCADE Main Game. They do not impact any PRESENT SIDE BET GAMES.

### **Multiplier Wilds**

The MULTIPLIER WILD Symbol works the same as Standard WILD symbols and must be part of a winning cluster in order to be applied. When a MULTIPLIER WILD Symbol is part of a winning cluster, the multiplier amount is applied to the prize amount won by that winning cluster.

MULTIPLIER WILDS that are revealed after a winning cluster is cleared from the grid are not applied to any prize. The MULTIPLIER WILD is only applied to a winning cluster it is part of, not any other wins during that play round. Multiplier Wild Symbols are only active within the CASCADE Main Game. They do not impact any PRESENT SIDE BET GAMES.

### **Mega Money Jackpots Game**

Reveal three (3) Mega Money Jackpots Bonus Game symbols during the Main Game or one (1) Mega Money Jackpots Bonus Game symbol in one of the Present Side Bets to unlock the Jackpot Bonus game.

The Bonus Game starts with a 3x3 grid of nine (9) non-winning blocks and five (5) GOES on the counter. Collect Bonus Game symbols to fill the Multiplier Meters or Jackpot Meters to win the corresponding prize.

In each GO, a new set of blocks drops onto the grid, and the number of GOES reduces by one (1). Blocks that drop down into the grid can either be non-winning blocks or collectible Bonus Game symbol blocks.

If a collectible Bonus Game symbol is revealed in the block, the symbol will be removed from the grid and added to the corresponding Multiplier Meter or Jackpot Meter. For each symbol removed, a new symbol will drop down from above. Multiplier Meter values are x5, x10, x20, x50, x100.

The Mega Money Jackpots Bonus Game ends when no GOES are remaining.

At the end of the Mega Money Jackpots Bonus Game, any full Multiplier Meters are added together (e.g. if there are two (2) filled Multiplier Meters at the end of the Bonus Game with values of x5 and x10, the Total Multiplier will be x15) for a Total Multiplier value. The ticket cost is multiplied by the Total Multiplier value, and that prize amount is awarded.

If the player completely fills the Minor Jackpot Meter, the player wins the Minor Jackpot.

If the player completely fills the Mega Jackpot Meter, the player wins the Mega Jackpot.

The game ends when no winning clusters remain on the grid, and any triggered bonus and free games are completed, and all prizes have been awarded.

### **PRESENT SIDE BET Game**

The PRESENT SIDE BET Games can only be activated if a PRESENT SIDE BET Game was selected and purchased at the start of purchasing a game. Up to four (4) PRESENT SIDE BET Games can be selected per ticket purchase using the SIDE BET buttons. The PRESENT SIDE BET Games are optional additional purchases.

Upon pressing BUY, any active PRESENT SIDE BET SAFES will open to reveal:

- A Prize amount - this prize amount is awarded;
- A "Mega Money Jackpots" symbol - the Mega Money Jackpots game is triggered;
- A Prize amount and a Mega Money Jackpot symbol – the prize amount is awarded and the Mega Money Jackpots game is triggered; or
- An Empty SAFE - no prize or Bonus is awarded for this SAFE.

Any inactive SIDE BET PRESENT do not open.

### **3. PRIZE STRUCTURES AND ODDS**

**Duplicate prize amounts indicate multiple ways to win the same prize amount; different odds may apply to each way to win.**

#### **PRICE: \$0.50 - (Main Cascade Game – 1 ticket)**

Prize Value	Odds Per Play
