

KENTUCKY LOTTERY CORPORATION
iLOTTERY INSTANT PLAY GAME RULES
“OUTLAW’S LOOT: RAIL RICHES”
–\$0.50, \$1, \$2, \$5, \$10, \$20, \$30, \$50
REVEAL I.D. NO. ky-outlaws-loot-rail-riches
VERSION 1 - EFFECTIVE DATE: August 15, 2025

By purchasing any iLottery Instant Play Ticket and accessing any Instant Play Game, a player accepts and agrees to comply with these Game Rules and Regulations, the General Rules governing iLottery Instant Play games (hereinafter “Instant Play General Rules”), the iLottery Terms of Use, and all rules, terms and conditions, privacy policies, disclaimers and agreements on the Lottery Website at <http://www.kylottery.com> (collectively “the Rules”).

If you do not agree, do not access or purchase any Game.

1. INSTANT PLAY TICKET PRICE

An Instant Play Ticket for this Instant Play Game may be purchased for **\$0.50, \$1, \$2, \$5, \$10, \$20, \$30, \$50** unless authorized by the President at a discount for promotional purposes.

2. HOW TO PLAY

Outlaw’s Loot: Rail Riches is an Instant Play game that participates in a Progressive Jackpot, as set forth in the rules and regulations for each participating Progressive Jackpot Instant Play game. Not all Progressive Jackpot Instant play games participate in the same Progressive Jackpot. One percent of the sales from each Outlaw’s Loot: Rail Riches game and its other linked games will be rolled into the Progressive Jackpot with the other games participating in that Progressive Jackpot.

To begin play, the player must select their price point before purchasing the game, and then the player must complete the purchase process as set out in the iLottery Terms of Use. The outcome of the player’s ticket is determined at the time of the ticket purchase.

At the start of the game, Outlaw’s Loot: Rail Riches displays fifteen (15) block symbols in a grid (5x3), a Prize Chart button and a BUY button. By selecting the BUY button, the symbols in the grid will cascade down, display new symbols, and begin creating clusters. When three (3) or more identical symbols create a cluster which are connected in the grid by sharing a side (a “winning cluster”), a prize in the payable is won. The winning cluster of symbols is removed from the grid and additional symbols cascade down to fill the grid. All winning clusters in the grid are removed before new symbols cascade down. These symbols can create new winning clusters, which award corresponding prizes, and are removed from the grid. Symbols cannot be connected diagonally to form a cluster. Each time a winning cluster is displayed those blocks will be destroyed and new blocks will fall into place from above.

If the additional blocks added lead to a new winning cluster, the game continues until no winning clusters are present. Only the highest prize won on each winning cluster will be paid. Once no winning clusters are present, the total win is awarded to the player.

Reveal a Multiplier, Free Games, Bonus Game or Lightning Jackpot Bonus Game to activate those game features.

Multiplier

If a MULTIPLIER symbol is on the grid when a winning cluster is revealed, the Multiplier Total increases by one (1) for that game. Each subsequent winning cluster in that game will increase the multiplier by 1 until no more winning clusters are revealed. MULTIPLIER symbols that enter the board after a winning cluster is removed are not added to the Multiplier Bulbs row unless a new winning cluster is created by the new symbols that enter the grid. At the end of each game, the win amount for that game will be multiplied by the final MULTIPLIER amount. The multiplied amount will be awarded. The Multiplier resets to x1 after each game. The available Multiplier values are x1 x2, x3, x4, x5.

Free Games

Reveal three (3) Free Games symbols on the grid to activate five (5) free games of the main game.

The Free Games ends when no new winning clusters remain on the grid and all Free Games have been awarded.

The Multiplier resets to one (1) before the Free Games start and resets to one (1) after each of the individual five (5) Free Games.

At the end of the Free Games, any winnings from the Main game and Free Games are displayed in the Total Won panel.

LIGHTNING JACKPOT BONUS GAME

Reveal three LIGHTNING JACKPOT symbols to unlock the Lightning Jackpot Bonus Game. At the start of the Lightning Jackpot Bonus Game, the game displays nine (9) Lightning symbols. Select a Lightning symbol to reveal a prize amount or a Lightning Jackpot symbol.

- If three (3) matching prize amounts are revealed, the prize amount is awarded and the Lightning Jackpot Bonus Game will end.
- If three (3) matching Lightning Jackpot symbols are revealed, the Lightning Jackpot is awarded, and the Lightning Jackpot Bonus Game will end.

Select a Lightning symbol to reveal a Prize Amount or a Lightning Jackpot symbol.

If you reveal three matching Prize Amounts, you win that Prize Amount. The Prize Amount will be awarded, and the Lightning Jackpot Bonus Game will end.

If you reveal three (3) matching Lightning Jackpot symbols, you win the Lightning Jackpot. The Lightning Jackpot will be awarded, and the Lightning Jackpot Bonus Game will end. The Lightning Jackpot is a progressive jackpot and is not the top prize in the game.

BONUS GAME

Reveal three (3) BONUS GAME symbols to unlock the Bonus Game. At the start of the Bonus Game, the game displays a four (4) row tower (24 total symbols) and a Play button. Each symbol contains an arrow or a barrel with prize amount on it. To begin the Bonus Game, the player must select Play and the symbols on the bottom row of the tower will highlight in turn. When the highlight stops on a symbol, it will stay highlighted and enlarge. The symbol in the highlighted block will determine the outcome.

- If the highlight stops on a prize amount barrel, the barrel explodes, the prize is awarded and the Bonus Game ends.
- If the highlight stops on an arrow symbol, the Bonus Game continues and symbols in the row immediately above will highlight and either stop on a prize amount barrel or an arrow symbol. The Bonus Game continues until the highlight stops on a prize amount barrel and the Bonus Game ends.

Once the Bonus Game ends, the bonus reveals total won will appear in the middle of the screen.

Weekly Winners are based on a rolling 7-day period.

3. PRIZE STRUCTURES AND ODDS

Duplicate prize amounts indicate multiple ways to win the same prize amount; different odds may apply to each way to win.
