

KENTUCKY LOTTERY CORPORATION
iLOTTERY INSTANT PLAY GAME RULES
“SIDE BET BOOST”
– \$0.50, \$1.00, \$2.00, \$5.00, \$10.00, \$20.00, \$30.00
REVEAL I.D. NO. 0023
VERSION 1 - EFFECTIVE DATE: JANUARY 24, 2025

By purchasing any iLottery Instant Play Ticket and accessing any Instant Play Game, a player accepts and agrees to comply with these Game Rules and Regulations, the General Rules governing iLottery Instant Play games (hereinafter “Instant Play General Rules”), the iLottery Terms of Use, and all rules, terms and conditions, privacy policies, disclaimers and agreements on the Lottery Website at <http://www.kylottery.com> (collectively “the Rules”).

If you do not agree, do not access or purchase any Game.

1. INSTANT PLAY TICKET PRICE

An Instant Play Ticket for this Instant Play Game may be purchased for **\$0.10, \$0.20, \$0.50, \$1.00, \$2.00, \$5.00, \$10.00, \$20.00, or \$30.00** unless authorized by the President at a discount for promotional purposes.

2. HOW TO PLAY

SIDE BET BOOST consists of five (5) separate game elements: one (1) CASCADE Main Game and four (4) optional SAFE SIDE BET games. Each of the five (5) game elements is a separate purchase. Create a cluster of three (3) or more identical symbols on the grid to win a prize!

Reveal a "WILD" symbol to add to or create wins. Reveal a multiplier "WILD" symbol to add to or create wins where the prize amount is then multiplied. Reveal 3 "Bonus" symbols anywhere on the grid to trigger the WHEEL BONUS GAME. For an additional purchase, play the SAFE SIDE BET games. Open an active safe to reveal an Instant Win prize or reveal a Bonus symbol to trigger the SIDE BET BONUS GAME.

Win up to \$150,000!

MUST BE 18+ TO TRY/BUY.

To begin play, the player must select their price point before purchasing the game, and then the player must complete the purchase process set out in the iLottery Terms of Use. The outcome of the player's ticket is determined at the time of the ticket purchase. The player can choose to play one (1) CASCADE Main Game plus up to four (4) optional SAFE SIDE BET games. Each of these five (5) game elements will have the same individual TICKET COST. The TOTAL COST of the play is the cost of the CASCADE Main Game plus the cost of any SAFE SIDE BET games selected. For example, setting the TICKET COST to \$1 and selecting two (2) SAFE SIDE BET games would be a TOTAL COST of \$3 (\$1 for the CASCADE game plus 2x\$1 for the 2 SAFE SIDE BET games).

The total price per play is shown on the TOTAL COST panel.

After selecting the number of SAFE SIDE BET Games to purchase and the price point, press the BUY button to purchase the ticket(s) and start the game.

CASCADE Main Game

At the start of the game, Side Bet Boost displays fifteen (15) symbols in a grid (5x3), a Prize Chart button, a Buy button, a Ticket Cost wheel, a Side Bets wheel, a Bonus Game panel, and a WIN panel. By selecting BUY, the Game Symbols will fall into place on the grid. Find a winning pattern of three (3) or more identical Game Symbols connected in the grid by sharing a side (a “winning cluster”), win the corresponding prize in the Prize Chart! Prizes shown in the Prize Chart are multiples of the amount wagered. Each time a winning cluster is displayed, those symbols will be destroyed, and new symbols will fall into place from above. If the new symbols added lead to a new winning cluster, the process continues until no winning clusters are present. Only the highest prize won on each winning cluster will be paid.

Standard Wilds

The WILD symbol substitutes for all symbols except the "BONUS" Symbol. For example, revealing a WILD symbol directly above, below, or to the left or right of a cluster of three (3) DIAMOND symbols creates a four (4) DIAMOND symbol win. WILD Symbols must be part of a winning cluster in order to be applied. WILD Symbols only appear in the CASCADE Main Game. They do not impact any SAFE SIDE BET GAMES.

Multiplier Wilds

The MULTIPLIER WILD Symbol works the same as Standard WILD symbols and must be part of a winning cluster in order to be applied. When a MULTIPLIER WILD Symbol is part of a winning cluster, the multiplier amount is applied to the prize amount won by that winning cluster.

MULTIPLIER WILDS that are revealed after a winning cluster is cleared from the grid are not applied to any prize. The MULTIPLIER WILD is only applied to a winning cluster it is part of, not any other wins during that play round. Multiplier Wild Symbols are only active within the CASCADE Main Game. They do not impact any WHEEL BONUS GAMES or SAFE SIDE BET GAMES.

Wheel Bonus Game

Find three (3) "BONUS" symbols on the same grid in the CASCADE Main Game to activate the WHEEL BONUS GAME.

The wheel of the WHEEL BONUS GAME consists of three (3) rings: an inner, middle and outer ring. The Wheel Bonus Game starts with the Inner Ring active.

- Inner Ring: The inner ring consists of a number of segments with each segment containing either a PRIZE or LEVEL UP. Press GO to spin the inner ring. If the wheel stops on a

PRIZE, an additional multiplier is then revealed. The PRIZE multiplied by the multiplier amount is awarded and the game ends. If the wheel stops on LEVEL UP, the middle ring is unlocked.

- **Middle Ring:** The middle ring consists of a number of segments with each segment containing either a PRIZE or LEVEL UP. Press GO to spin the middle ring. If the wheel stops on a PRIZE, an additional multiplier is then revealed. The PRIZE multiplied by the multiplier amount is awarded and the game ends. If the wheel stops on LEVEL UP, the outer ring is unlocked.
- **Outer Ring:** The outer ring consists of a number of segments with each segment containing a PRIZE. Press GO to spin the outer ring. If the wheel stops on a PRIZE, an additional multiplier is then revealed. The PRIZE multiplied by the multiplier amount is awarded and the Wheel Bonus Game ends.

Any Multipliers revealed in the WHEEL BONUS GAME are not applied to any winnings in the CASCADE Main Game or the SAFE SIDE BET Games.

SAFE SIDE BET Game

The SAFE SIDE BET Games can only be activated if a SAFE SIDE BET Game was selected and purchased at the start of purchasing a game. Up to four (4) SAFE SIDE BET Games can be selected per ticket purchase using the SIDE BET wheel. The SAFE SIDE BET Games are optional additional purchases.

Upon pressing BUY, any active SAFE SIDE BET SAFES will open to reveal:

- A Prize amount - this prize amount is awarded;
- A "Bonus" symbol - the SIDE BET BONUS GAME is triggered; or
- An Empty SAFE - no prize or Bonus is awarded for this SAFE.

Any inactive SIDE BET SAFES do not open.

Side Bet Bonus Game

The SIDE BET BONUS Game is activated when a BONUS symbol is found in a SIDE BET SAFE. Once activated, three (3) DIAMOND Boxes will appear. Select one box to open. The PRIZE amount revealed in the selected box is awarded and the SIDE BET BONUS GAME ends.

The game ends once no winning clusters are present in the CASCADE Main Game, and any Bonus Game or SAFE SIDE BET game is completed. The total win in the WIN PANEL is awarded to the player.

3. PRIZE STRUCTURES AND ODDS

Duplicate prize amounts indicate multiple ways to win the same prize amount; different odds may apply to each way to win.

PRICE: \$0.10 – Main Cascade Game (1 ticket)
