

KENTUCKY LOTTERY CORPORATION
iLOTTERY INSTANT PLAY GAME RULES
“SPOOKY MATCH MULTIPLIER”
– \$0.10, \$0.20, \$0.50, \$1, \$2, \$3, \$5, \$10, \$20, \$30
REVEAL I.D. NO. 5156
VERSION 1 - EFFECTIVE DATE: August 15, 2025

By purchasing any iLottery Instant Play Ticket and accessing any Instant Play Game, a player accepts and agrees to comply with these Game Rules and Regulations, the General Rules governing iLottery Instant Play games (hereinafter “Instant Play General Rules”), the iLottery Terms of Use, and all rules, terms and conditions, privacy policies, disclaimers and agreements on the Lottery Website at <http://www.kylottery.com> (collectively “the Rules”).

If you do not agree, do not access or purchase any Game.

1. INSTANT PLAY TICKET PRICE

An Instant Play Ticket for this Instant Play Game may be purchased for **\$0.10, \$0.20, \$0.50, \$1, \$2, \$3, \$5, \$10, \$20, \$30** unless authorized by the President at a discount for promotional purposes.

2. HOW TO PLAY

The object of Spooky Match Multiplier is to match eight (8) or more symbols anywhere on the grid to win a prize or reveal a Mystery Symbol to reveal eight (8) or more matching symbols for an Instant win.

To begin play, the player must select their price point before purchasing the game, and then the player must complete the purchase process set out in the iLottery Terms of Use. The outcome of the player’s ticket is determined at the time of the ticket purchase.

At the start of the game, Spooky Match Multiplier displays thirty (30) symbol blocks on a 5x6 grid filled with symbols and a set of instructions covering the grid that state “Match 8 or more symbols anywhere to win”. When the PLAY button is selected symbols fall into place on the grid.

When eight (8) or more matching symbols appear anywhere on the grid, the corresponding prize in the prize table is awarded, the winning symbols are removed from the grid, and new symbols cascade down to fill their spots. As new symbols cascade down, they can create new winning matches. All non-winning symbols remain in place until no matches of eight (8) or more symbols are present on the grid.

Mystery Symbols may appear on the grid which automatically reveal eight (8) or more matching symbols and a corresponding prize.

The game continues until no matches of eight (8) or more symbols of the same type appear in the grid and all Multipliers have been awarded. At this point the game only continues if enough Bonus

symbols have appeared in the grid to trigger the Bonus Game. Bonus symbols do not get removed from the grid.

Multiplier Symbols

Multiplier Symbols with differing amounts may appear in the grid. If one (1) Multiplier Symbol appears, the total win amount is multiplied by the multiplier value at the end of the game. If two (2) Multiplier Symbols appear, the multiplier amounts are added together and applied to the total win amount at the end of the game, when there are no more winning matches remaining. Multiplier symbols are not removed from the game grid during a Main Game or an individual Free Play.

Free Turns Bonus

The Free Turns Bonus is triggered when three (3) or more Star Symbols appear on the grid. Once triggered, the Free Turns Bonus awards ten (10) Free Turns and a minimum multiplier that will appear on every turn and be applied to any win within a turn. The minimum multiplier value is based on the number of Star Symbols that triggered the bonus as detailed below:

- 3 Star Symbols = 10 Free Turns/min. 5x Multiplier
- 4 Star Symbols = 10 Free Turns/min. 10x Multiplier
- 5 Star Symbols = 10 Free Turns/min. 20x Multiplier

The Free Turns Bonus plays the same as the base game and can be re-triggered if three (3) more Star Symbols appear during the Bonus round. If more than one multiplier value appears within a turn, the multiplier amounts are added together and applied to the total win amount at the end of the turn. As each turn in the Bonus round is completed, a running total of winnings from each turn appears as the Bonus Win. Players are guaranteed to win a prize in the Bonus Game.

Although it is possible to be awarded the Bonus game at any time during the Main game, the Bonus game will only be triggered when the Main game has finished (i.e. when no matches of 8 or more of the same symbol appear in the grid).

The game ends when no winning symbols remain on the grid and any triggered bonus games are complete.

3. PRIZE STRUCTURES AND ODDS

Duplicate prize amounts indicate multiple ways to win the same prize amount; different odds may apply to each way to win.
