REVEAL I.D. NO. 5192
VERSION 1.1 - EFFECTIVE DATE: August 15, 2025

By purchasing any iLottery Instant Play Ticket and accessing any Instant Play Game, a player accepts and agrees to comply with these Game Rules and Regulations, the General Rules governing iLottery Instant Play games (hereinafter "Instant Play General Rules"), the iLottery Terms of Use, and all rules, terms and conditions, privacy policies, disclaimers and agreements on the Lottery Website at http://www.kylottery.com (collectively "the Rules").

If you do not agree, do not access or purchase any Game.

1. INSTANT PLAY TICKET PRICE

An Instant Play Ticket for this Instant Play Game may be purchased for **$0.50, $1, $2, $3, $5, $10, $20, $30** unless authorized by the President at a discount for promotional purposes.

2. HOW TO PLAY

Viking Gold is an Instant Play game that participates in a Progressive Jackpot, as set forth in the rules and regulations for each participating Progressive Jackpot Instant Play game. Not all Progressive Jackpot Instant play games participate in the same Progressive Jackpot. Two percent (2%) of the sales from each participating Progressive Jackpot Instant Play game will be rolled into the single Progressive Jackpot with the other games participating in that Progressive1 Jackpot.

The object of Viking Gold is to collect clusters of three (3) or more matching, adjacent symbols to win prizes, collect three (3) to eight (8) Gold Hammer Symbols to win an Instant Win prize, or collect nine (9) Gold Hammer Symbols to win the Progressive Jackpot.

To begin play, the player must select their price point before purchasing the game, and then the player must complete the purchase process set out in the iLottery Terms of Use. The outcome of the player's ticket is determined at the time of the ticket purchase.

At the start of the game, Viking Gold displays a 3x5 grid, and a meter that shows the Instant Win amounts in rows three (3) through eight (8), and the Progressive Jackpot amount in row nine (9). When the play button is selected, symbols fall into place on the grid.

When three (3) or more identical symbols create a cluster which are connected in the grid by sharing a side (a "winning cluster"), the corresponding prize in the prize table is won. A winning cluster of symbols is removed from the grid and additional symbols cascade down to fill the grid. All winning clusters in the grid are removed before new symbols cascade down. These symbols can create new winning clusters, which award the corresponding prizes, and are removed from the grid.

A Wild Symbol may appear anywhere in the grid and transform to match any cluster symbol, which may create or enhance a winning cluster.

The more matching symbols in a winning cluster, the greater the prize for that game symbol. This process continues until no new winning clusters form on the grid.

When three (3) Bonus Ship Symbols drop into the grid, the Free Turns Bonus is triggered.

Instant Win Feature

The Instant Win feature can award Instant Win prizes and is a feature of the Main Game and the Free Turn Bonus.

If less than three (3) of the Gold Hammer Symbols appear anywhere on the grid and there are winning clusters on the grid, they remain locked on the grid as the winning clusters are awarded, and new symbols cascade down.

Once three (3) or more of the Gold Hammer Symbols appear anywhere on the grid, the corresponding prize shown in the Instant Win Meter is awarded after all winning clusters have been awarded. The game ends when the corresponding Instant Prize is added to any previous winnings.

Progressive Jackpot Feature

The Progressive Jackpot feature can award the current Progressive Jackpot and is a feature of the Main Game and the Free Turn Bonus.

To win the Progressive Jackpot, players must collect nine (9) Gold Hammer Symbols during the Main Game on the same grid or collect nine (9) Gold Hammer Symbols during the Free Turn Bonus Game in a single turn.

If the Progressive Jackpot is won, no other prize will be awarded. The jackpot amount shall be reset to $100,000 and shall grow as subsequent participating Instant Play games are sold, until the Progressive Jackpot is won.

Free Turn Bonus

The Free Turns Bonus is triggered when three (3) Bonus Ship Symbols appear anywhere on the grid and awards nine (9) free turns.

Game play in the Bonus is similar to the main game, where each turn may create winning clusters with matching symbols. This process continues until no new winning clusters form on the grid, and all Free Turns are completed.

Level Up Feature in the Free Turn Bonus

During the Bonus, any Gold Hammer Symbols that appear during the Free Turn Bonus are collected and added to the Level Up Meter.

If an Instant Win is awarded by three (3) or more Gold Hammer Symbols appearing on the grid in the same turn and there are enough Gold Hammer symbols collected during the Bonus to fill the Level Up Meter, the Instant Win pays the current prize value shown in the Meter for the number of Gold Hammer Symbols on the grid and the Instant Win prize amounts increase for any following turns. Instant Win prizes can increase a maximum of three (3) times. The Progressive Jackpot amount does not increase as Instant Win prizes increase during a level up. The Progressive Jackpot is won if nine (9) Gold Hammer Symbols are collected in a single Turn.

+1 Ship Symbol in the Free Turn Bonus

When a +1 Ship Symbol appears in the Bonus, it awards an extra turn. If multiple +1 Ship Symbols appear, the total number of extra turns awarded is equal to the number of +1 Ship Symbols.

The game ends when no clusters of three (3) or more appear in the grid and any Bonus Games are completed.

3. PRIZE STRUCTURES AND ODDS

Duplicate prize amounts indicate multiple ways to win the same prize amount; different odds may apply to each way to win.
