

# Gemini Ultra Security Features Quick Reference Card

## Cash Log

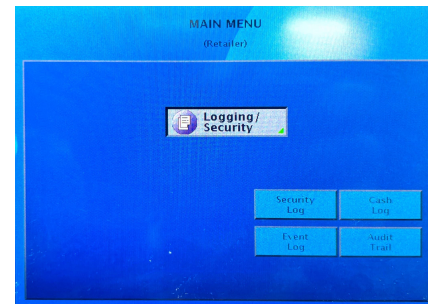

The Cash Log lists the last 200 draw and instant sales from the terminal including bills inserted and stacked.

The Cash Log can be useful in determining if a player inserted funds into the bill acceptor.

How to access the Cash Log on the Gemini Ultra:

- First open the vending machine and login on the management screen. (If accessible from the Altura Terminal, select 'Reports', 'Vending Reports' and then 'Cash Log' without opening your machine door.)
- Select Logging/Security
- Select Cash Log
- At this point you may use the up and down arrows, and /or print out the cash log to view.

\*Example: If a player comes to you and states I put \$20 into the bill acceptor and I did not get my Lottery ticket. You can use this Cash Log to resolve this situation. Simply open the cash log and look to see if the \$20 is on there. If it is not the player did not put it into the Lottery Vending Machine.

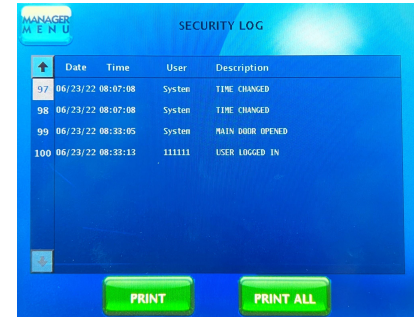

## Security Log

The Security Log lists the last 200 security events, including main door open/close, BA (Bill Acceptor) open/close, and power down details.

How to access the Security Log on the Gemini Ultra:

- First open the vending machine and login on the management screen. (If accessible from the Altura Terminal, select 'Reports', 'Vending Reports' and then 'Security Log' without opening your machine door.)
- Select Logging/Security
- Select Security Log
- At this point you may use the up and down arrows, and /or print out the cash log to view.

\*Example: If you notice money is missing from your Bill Acceptor, you can use the Security Log to see when the Main Door was opened and closed, as well as the Bill Acceptor.
